JPICE Accomplishment Report, First Semester AY 2025-2026

I. Overview

During the first semester of AY 2025-2026, JPICE carried out five activities focused on academic support, professional exposure and community service. Total participation reached 312 student-attendances, and all activities stayed within the approved budget.

II. Activities Conducted

Date	Activity	Participants	Outcome
Aug 22	General assembly and election of committee heads	118	Committees formed; plan of activities adopted
Sep 12	Review session: Mathematics and Surveying	64	Mock exam average rose from 58% to 71%
Sep 27	Seminar: Introduction to BIM	52	Hands-on Revit exercise completed by all
Oct 18	Coastal clean-up, Barangay Bagacay	41	38 sacks of waste collected
Nov 29	Alumni career talk	37	Three alumni engineers shared licensure tips

III. Highlights

- First BIM seminar for the department, done with a partner firm at no cost.
- Review sessions will continue next semester at the students' request.

IV. Challenges Encountered

- Class schedule conflicts lowered attendance for the alumni talk.
- Late release of funds delayed the purchase of review materials.

V. Recommendations

- Schedule activities on Fridays after 3:00 PM when fewer classes run.
- Submit fund requests at least three weeks ahead.
